Revolutionize School Communication with a Custom School App

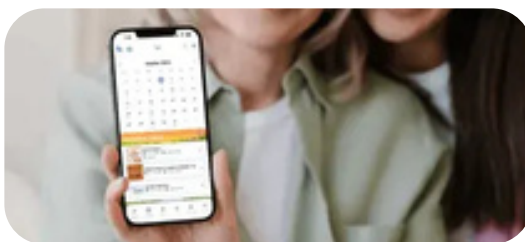

EXPLORE THE SOLVED DIFFERENCE

DECEMBER 2024

One App, Endless Possibilities

In today's fast-paced world, schools face the challenge of staying connected with families effectively and efficiently. Parents juggle numerous platforms to keep up with their child's academic progress, school events, and updates. This fragmented approach can create communication gaps, impacting engagement and collaboration. At SOLVED, we address this challenge by offering custom school apps that unify communication and simplify access to vital resources for parents, students, and educators.

Why School Apps Matter

1 Centralized Communication

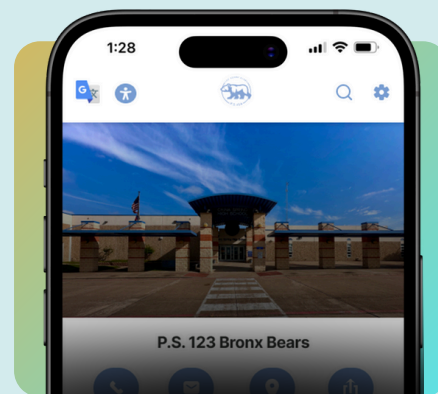

Parents no longer need multiple apps to access grades, attendance, announcements, and more. A custom app ensures all essential information is available in one place.

2 Improved Engagement

With real-time updates, families can stay informed about their child's progress and school activities, fostering stronger connections between home and school.

3 Tailored for Your Community

Every app is customized to reflect your school's unique identity, mission, and goals.

Features That Make a Difference

One Centralized App

All your child's information is conveniently located in a single platform.

Real-Time Updates

Stay informed about your child's academic progress, school activities and news, fostering trust and collaboration with the school.

School Calendars & Events

Always be up to date on important dates and happenings.

Student Work and Progress

Support meaningful conversations and engagement at home.

Simplified Communication

Easily reach out to teachers and staff for timely discussions.

Unified Communication

No more juggling multiple logins—access all your child's information in one place. Stay organized, reduce stress, and easily stay connected with your child's school.

The Pedagogical Impact

Custom school apps go beyond convenience—they contribute to a richer educational environment. By improving parental involvement, schools see:

Higher Student Achievement

Research shows that engaged parents lead to more motivated and successful students.

Increased Trust

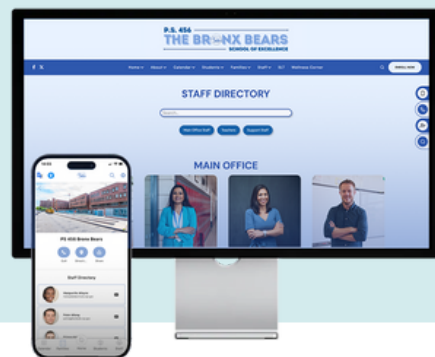

Clear, consistent communication builds trust between families and educators.

Reduced Stress

Simplified processes for accessing information mean parents can focus on supporting their child's learning.

Seamless Integration With Your School Website

Our school apps work hand-in-hand with our school website service, ensuring a unified experience for your community. Updates made to your website can sync effortlessly with your app, providing consistent and accurate information to parents, students, and staff. Whether it's announcements, calendars, or other resources, our integrated approach keeps everyone connected and informed.

TAKE THE NEXT STEP

Discover how a custom school app can transform your school community. Let's collaborate to create an app tailored to your needs, ensuring every family feels connected and supported.
